Career Objective

Motivated and enthusiastic Full Stack Developer seeking an opportunity to build innovative web solutions while expanding my technical expertise. Equipped with practical experience in web development, digital marketing, academic support, and administrative coordination, I am eager to contribute to a dynamic organization and grow professionally.

Education

Sasurie College of Engineering, Tirupur. M.E., Computer Science & Engineering	July 2025 - May 2027	- CGPA : 8
Sasurie College of Engineering, Tirupur. B.E., Computer Science & Engineering	July 2017 - May 2021	- CGPA : 8
Government girls higher secondary school, Perundurai, erode. HSC	June 2015 - April 2017	- Percentage : 77
Government girls higher secondary school, Perundurai, erode. SSLC	June 2014 - April 2015	- Percentage : 84

Technical Skills

Web Development Technologies

- HTML5, CSS3, JavaScript, PHP, Node.js
- Responsive Web Design
- CRUD Operations
- Full Stack Web Development

Database Technologies

- Database Management System (DBMS)
- SQL Fundamentals
- Database Design and Management

Programming & Development Tools

- Python
- GitHub
- Object-Oriented Programming (OOP)
- System Design

Digital Marketing

- Search Engine Optimization (SEO)
- Social Media Marketing
- Content Marketing
- Digital Campaign Management

Productivity & Office Tools

- Microsoft Excel
- Microsoft Word
- Microsoft PowerPoint
- Data Analysis and Reporting

AI & Emerging Technologies

- ChatGPT
- Google Gemini
- Claude AI
- Lovable AI
- AI-Powered Content Creation and Automation

Design & Engineering Tools

- AutoCAD

Virtual Internships (Experience) / In-Plant training

Java with Android Application Development

1. Value Added Course – Sasurie College of Engineering

July 2018 – October 2018

- Successfully completed a Value Added Course in **Java with Android Application Development**.
- Gained knowledge of Java programming concepts and Android application development fundamentals.
- Developed understanding of mobile application design, user interfaces, and application deployment.
- Strengthened object-oriented programming (OOP) and software development skills.

2. Networking Internship

Galvanx Technology, Perundurai

December 2018

- Successfully completed an internship in **Computer Networking**.
- Learned networking fundamentals, network architecture, and communication protocols.
- Gained exposure to network configuration, troubleshooting, and maintenance processes.

- Demonstrated punctuality, dedication, and analytical problem-solving abilities during the internship.

3. Additional Training & Professional Development

- Completed training in Java Programming and Android Application Development.
- Acquired practical exposure to Networking Technologies and IT Infrastructure.
- Enhanced technical knowledge through hands-on learning and industry-oriented projects.

4. Certifications

- **In-Plant Training** – Sasurie Info Tech Incubation Center, Sasurie College of Engineering (18 June 2018 – 29 June 2018)
 - Completed in-plant training with **Good** performance.
- **New India Student Championship 2018**
 - Participated in **The Largest Learnathon of India** (03 February 2018).

5. Workshops, Seminars & Technical Events

- Participated in the **National Seminar on Big Data Programming and Analytics** (06 August 2018).
- Participated in the **International Seminar on IoT and Machine Learning** (06 February 2018).
- Participated in the **International Seminar on Blockchain Technology** (23 July 2018).
- Participated in the **National Level Project Competition – Sasurie Innovation Expedition (SIE'18)** (16 March 2018).

Projects

Mini Project

Free Food Allocation System

Technologies: Android, Java, XML, SQLite

Project Description:

Developed an Android-based mobile application that connects food donors with underprivileged and needy individuals to reduce food wastage and support community welfare.

Key Responsibilities & Features:

- Designed and developed a user-friendly Android application using Java and XML.
- Implemented food donation registration and request management functionalities.
- Created interfaces for donors to post available food details.
- Enabled beneficiaries to view and request available food resources.
- Managed user data and donation records using database concepts.
- Improved accessibility and communication between donors and recipients.
- Focused on social impact by promoting food sharing and reducing food waste.

Achievements:

- Applied Android application development concepts in a real-world social welfare project.
- Enhanced skills in mobile application development, database management, and UI design.

Private Diary Website (AI-Assisted Development)

Description:

Developed a secure Private Diary Web Application that allows users to create, edit, and manage personal diary entries with authentication and privacy features. The project was developed with AI-assisted coding and design support to improve development efficiency.

Key Features:

- User Registration and Login Authentication
- Create, Edit, Delete, and View Diary Entries
- Secure Storage of Personal Notes
- Responsive User Interface for Desktop and Mobile Devices
- Privacy and Data Protection Features

Technologies Used:

- HTML, CSS, JavaScript
- React.js / Node.js (if used)
- MongoDB / MySQL (if used)
- AI-Assisted Development Tools

Certifications

- **Full Stack Web Development Training** – Internshala Trainings (2026)
 - Completed 8-week training covering HTML, CSS, Bootstrap, DBMS, PHP, JS, React, Final Project, and AI in Web Development.
- **Web Development with AI** – Skill India / NSDC (2026)
 - Learned AI-assisted web development techniques, website design, deployment, and modern development practices.
- **Generative AI Literacy** – NASSCOM FutureSkills Prime (2025)
 - Gained knowledge of Generative AI concepts, AI tools, prompt engineering, and AI applications in software development.

Professional Experience

Teaching Assistant

Sasurie Group of Institutions, Tiruppur | July 2025 – June 2026

- Assisted faculty members in conducting lectures, laboratory sessions, and academic activities.
- Supported students with coursework, assignments, and project guidance.
- Maintained academic records and departmental documentation.
- Coordinated student activities and administrative tasks.

Admission Executive

Excel Group of Institutions, Komarapalayam | May 2025 – July 2025

- Managed student admission inquiries and counseling activities.
- Assisted applicants with admission procedures and documentation.
- Maintained student records and admission databases.
- Coordinated communication between prospective students and departments.

Store Incharge (ERP Operations)

Premier Fine Linens Private Limited, Perundurai | August 2024 – November 2024

- Managed inventory and store operations using ERP software.
- Monitored stock levels, material movements, and inventory records.
- Generated reports and maintained accurate stock documentation.
- Coordinated with procurement and production teams for inventory management.

Personal Assistant to Principal & Exam Cell Assistant

Bharathi Matric Higher Secondary School, Vijayamangalam | November 2021 – June 2024

- Assisted the Principal in daily administrative and organizational activities.
- Managed official correspondence, schedules, and documentation.
- Supported examination cell operations, including student records and exam coordination.
- Prepared reports, maintained confidential records, and handled office administration.
- Coordinated communication between students, faculty, and management.

Strengths

- Leadership & Team Management
- Communication Skills
- ERP & Documentation Management
- Problem Solving
- Team Collaboration
- Adaptability
- Time Management
- Quick Learner
- Multitasking
- Administrative Coordination

About Me

1 .	Name	:	Divya A
2 .	Father's Name	:	Arumugam N
3 .	DOB	:	12.04.2000
4 .	Gender	:	Female
5 .	Nationality	:	Indian
6 .	Marital status	:	Single
7 .	Place	:	Perundurai
8 .	Language Known	:	Tamil, English (Read & Write)
