Frontend : Angular, AJAX, jQuery, Bootstrap

Backend : ASP.NET Core, ASP.NET MVC, ASP.NET Web API

Framework : Entity Framework , ADO.NET, LINQ

Database : SQL Server, Stored Procedures, Query Optimization, Joins

Development Tool : Visual Studio, VS Code, SQL Server Management Studio, GitHub, Swagger, Postman

Core Concepts : OOPs, SOLID Principles ,Dependency Injection, Repository pattern, MVC Architecture, REST APIs, Agile (Scrum)

EXPERIENCE

Landmark Techedge Pvt Ltd

Aug. 2023 – Present

.Net Developer

Pune

- Developed enterprise web applications using ASP.NET Core, ASP.NET MVC, C#, SQL Server, and Angular.
- Designed and integrated RESTful APIs for business applications.
- Built modules for LMS, CRM, O2C, and P2P systems.
- Optimized SQL Server queries, stored procedures, and database performance.
- Implemented role-based authentication and authorization using ASP.NET Identity.
- Fixed production issues, enhanced existing features, and performed code debugging.
- Collaborated with cross-functional teams in an Agile (Scrum) environment.
- Used Git, Postman, and Swagger for version control, API testing, and documentation.

Rapid Pack Engineering Pvt Ltd

Jun. 2018 – Nov. 2019

Automation Assistant

Mumbai

- Managed ERP modules including BOM, Purchase, Sales, and Inventory.
- Supported business process optimization through ERP configuration and data management.
- Standardized material master data to improve inventory accuracy and operational efficiency.
- Prepared and maintained production, inventory, and procurement records to ensure data accuracy.
- Coordinated with production, stores, and procurement teams to ensure smooth operational workflows.
- Assisted in identifying and resolving ERP-related data inconsistencies to support daily business operations.

EDUCATION

Sharad Institute of Technology | Shivaji University

2014 – 2017

Bachelor of Engineering (Electrical Engineering)

Kolhapur
