
OBJECTIVE: -

Seeking a suitable role in **Full Stack Developer** where I can utilize my 2.5+ years of experience in **Core Java, Spring Boot, REST APIs, Hibernate and Frontend Technologies** to build scalable enterprise applications and continuously improve my technical skills through real-time project development.

PROFESSIONAL SUMMARY

- Java Full Stack Developer with hands-on experience in developing and maintaining web applications.
 - Strong knowledge of **Core Java, OOP concepts, Collections Framework, JDBC**.
 - Experience in **Spring Boot, Spring MVC, Hibernate, JPA, REST API development**.
 - Good understanding of **Spring Security, JWT authentication and Microservices** basics.
 - Well-acquainted with **databases** using **MySQL**.
 - Working on **Java 1.8+ features** and good knowledge of **Java 11,17,21 features**.
 - Familiar with **Apache Tomcat** for deploying Java web applications and running projects on **local server**.
 - Basic understanding of **Design Patterns (Singleton, Factory, MVC)** applied in Spring Boot applications.
 - Managed project **dependencies** and build configurations using **Apache Maven (pom.xml)**.
 - Experience in **ERP Software and Banking domain**.
 - Worked on, **bug fixing, enhancement, API Integration and Application Maintenance**.
 - Experience working in **Agile Scrum methodology** using tools like **JIRA**.
 - Basic knowledge of **Microservices architecture**.
-

EXPERIENCE SUMMARY: -

- 2.5+ years of experience in development, maintenance, and enhancement of Java-based web applications across ERP Software and Banking domain.
 - Worked with Java, Spring Boot, Hibernate, and MySQL for building scalable applications.
 - Developed and consumed RESTful APIs for Banking and Enterprise applications.
 - Performed bug fixing, debugging, and issue resolution to ensure application stability.
 - Used Apache Maven for dependency management and Git for version control.
 - Deployed applications on Apache Tomcat server.
 - Worked in Agile (Scrum) environment using JIRA.
-

Globeminds Technology Pvt Ltd Pune.

Designation: - Software Engineer

Duration: - June 2025 – Present

PROJECT DETAILS: -

Project Name: - Smart Banking System.

Domain: - Banking

Role: - Java Developer

Project Description: -

Smart Banking System is an online banking application to provide secure and efficient banking services to customers. The application allows users to perform banking operations such as balance enquiry, transaction history, fund transfer, fixed deposit management, cheque status verification, and account-related services through an online platform.

The system includes customer transaction modules and bank transaction modules with secure login authentication using customer ID and password. The application was developed using Java, Spring Boot, Hibernate, Angular, and MySQL following REST API architecture.

Role and Responsibilities: -

- Involved in requirement analysis, design, development, testing, and maintenance of the application.
 - Developed RESTful APIs using Spring Boot for banking operations.
 - Implemented backend functionalities using Core Java, Spring MVC, and Hibernate.
 - Worked on database integration using MySQL and Hibernate ORM.
 - Participated in bug fixing and performance enhancement activities.
 - Involved in unit testing and manual testing of application modules.
 - Used Git for version control and JIRA for task tracking.
 - Participated in Agile/Scrum meetings and team knowledge-sharing sessions.
 - Prepared technical documentation and maintained project-related documents.
 - Analyzed business requirements and implemented code changes accordingly.
-

Appl Industries Limited, Hinjewadi, Pune

Designation: - Associate

Duration: - Jan 2024 – Jun 2025

PROJECT DETAILS: -

Project Name: - ERP System

Domain:- ERP

Role: - ERP Support Engineer

Project Description: -

Developed and supported a CRM-based ERP System used for managing customer information, lead tracking, sales activities, and business workflows. The system helped improve operational efficiency, data management, and communication between different business departments. Worked on maintaining ERP modules, resolving issues, enhancing application performance, and supporting RESTful services using Java and Spring technologies.

Role and Responsibilities: -

- Provided L1/L2 support for ERP application used in plastic manufacturing operations Monitored and resolved user issues related to production planning, inventory management, purchase, sales, and accounts modules.
- Analyzed ERP errors, application logs, and database issues for quick resolution.
- Coordinated with developers and stakeholders for bug fixes, enhancements, and change requests.
- Assisted users with ERP workflows, report generation, and transaction processing.
- Performed SQL query analysis for data validation and troubleshooting.
- Supported master data management, user access management, and system configuration activities.
- Conducted testing and validation after deployments and issue fixes.
- Maintained ticket tracking, issue documentation, and daily status reporting.
- Ensured smooth functioning of ERP processes in manufacturing and supply chain operation

TECHNICAL SKILLS: -

Languages:

Java (8+)

Core Concepts:

OOP, Collections Framework, Exception Handling

Backend Technologies:

JDBC, JSP, Servlets, Spring Boot, Spring MVC, Hibernate, JPA, JDBC, REST APIs

Frontend Technologies:

HTML5, CSS3, JavaScript, Angular, React.js

Database:

MySQL

Concept:

Microservices, Design Pattern

Build Tool:

Maven, Git, GitHub

API Testing:

Postman

Server:

Apache Tomcat

Project Management:

JIRA

IDEs:

Eclipse, IntelliJ IDEA

EDUCATION: -

Master of Science.

Nowrosjee Wadia College, Pune (Savitribai Phule Pune University) | 2023

Bachelor of Science | 2021

HSC (12th) | 2018

SSC (10th) | 2016

PERSONAL DETAILS: -

- **Date of Birth:** - 09/05/2000
 - **Marital Status:** - Married
 - **Location:** - Navi Mumbai, Maharashtra
 - **Languages Known:** - English, Hindi, Marathi
-

DECLARATION: -

I hereby declare that all the above information is true to the best of my knowledge.

Date: -

Place: - Navi Mumbai
